

## Thank you for your interest in testing your home for radon.

Due to the large volume of requests we've received, it may be several months before we can send the test kit you requested. We may not be able to provide one if your home has been tested recently through our program. We will address requests in the order they were received.

If you would prefer to purchase a kit to test your home now rather than wait, you can order one from the National Radon Program ([www.sosradon.org](http://www.sosradon.org) or 1-800-767-7236) for about \$15.

If you decide to purchase a kit and no longer need one from us, **please let us know!** Leave a message at 1-800-768-0362, or email [radon@dhec.sc.gov](mailto:radon@dhec.sc.gov). We will need your name and the street address of the home the test kit was ordered for. **Test kits can only be used at the address for which they were requested.**

You can find more information about radon at our webpage: [www.scdhec.gov/radon](http://www.scdhec.gov/radon).
